WHY DESIGN & PRINT

Quality product, delivered within budget.

Experience, reliability and value

Our experience, reliability and value for money give you the service you require every time: a quality product and service, delivered within budget.

Save money

We have relationships with hundreds of suppliers who each specialise in different areas. We know the most cost-effective supplier for every project, keeping costs down without compromising quality.

Reduce risk

It is easy to ask for the wrong thing or the wrong materials for the application. We guide you through the printing process so the job comes out right the first time.

Express turnaround available.
Tell us the deadline and we will plan the job around it.

DESIGN FOR YOUR CUSTOMERS

Design that works as hard as you.

Design from us is about creating a unique and impactful visual identity, for print and digital. From business cards, flyers and posters to website visuals, every element is designed to work together and to carry your message.

CREATIVE VISION
A trained eye for composition, colour and type, with fresh ideas you may not have considered.

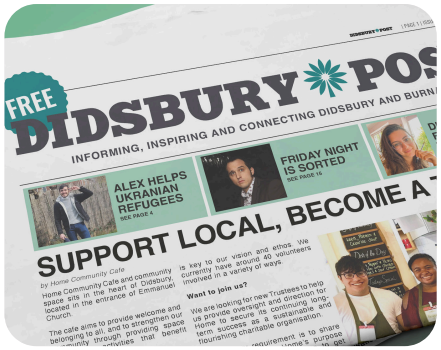
HIGH-QUALITY RESULTS
Fonts, images and details refined, with print-ready or screen-optimised files.

CLEAR COMMUNICATION
Visual storytelling that turns your message and call to action into something your audience notices.

BRAND CONSISTENCY
Files kept for reference and evolved as you grow, so every piece matches.

TIME AND BUDGET
Quicker turnaround, so you can focus on your core business.

RETURN ON INVESTMENT
A professional image builds credibility and helps your marketing perform.



Need artwork?
Briefs, edits and print-ready files, all from one person.

PRINT CONSULTANCY & MANAGEMENT

Print management, done for you.

EXPERIENCE ACROSS PRINT

Variable digital, sheet-fed litho and large format, with trade suppliers chosen for knowledge, price and quality.

PRINTER OR CONSULTANT?

We manage every print element from quote to delivery. Most high-street and online printers outsource much of their work anyway.

LATEST EQUIPMENT

Our suppliers invest continually in new technology, so work is produced to a high standard of quality and finish.

SIZE AND SCALE

Our buying power delivers cost-effective solutions without compromising quality.

HOW PRINTING WITH US WORKS

It can start at the graphic design stage. We advise on size, format, paper weight, material, finish and quantities, then manage proofs, production and delivery so you can get on with other projects.

Ask us about a free print audit.
We will check what you buy now and where you could save.

Print Guide

For flat and folded products.

Stock Options

Silk

This stock is considered the default choice for professional print. Silk coated stock has a slight sheen, giving vibrant colours, without a full gloss finish so it's still easy to read from.

Uncoated

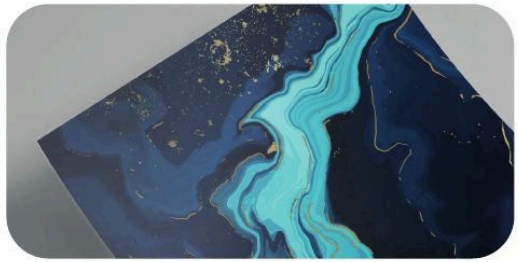
No shine, uncoated stocks are the easiest to write on and are popular in business stationery items.

Gloss

For a real shine, you can choose our gloss coated stock. This stock gives your colours and photos an added vibrancy without the expense of added gloss lamination.

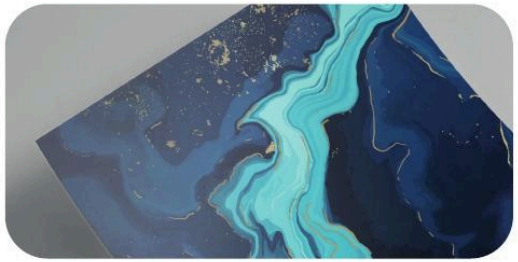
Lamination Options

Available on 250gsm, 350gsm Silk and 450gsm Silk.



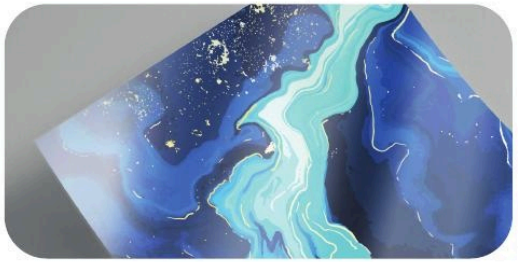
Matt Lamination

A smooth, non-reflective finish that softens glare while giving your print a refined, professional feel.



Soft-Touch Lamination

A velvet-style coating that creates a soft, tactile surface with a premium, high-end look.



Gloss Lamination

A sleek, glossy layer that boosts colour depth and contrast for bold, high-impact designs.

Finishing Options

Available on Matt & Soft Touch Lamination.

Silver Foiling

Add a flash of metallic silver to your designs – a sure-fire way to make your print stand out with a cool, refined finish.

Gold Foiling

Rich metallic gold detailing that brings warmth and a luxurious finish to your artwork.

Spot UV

A high-gloss coating applied to specific areas to highlight key elements with added shine and texture.

Perforation Options

Only available on select products.

Centre

A single perforated line positioned through the middle for clean, easy separation.

Ticket

One perforated line set at the right-hand third, ideal for tear-off sections.

Fold Guide

A variety of fold options lets content flow naturally while staying visually appealing. Choices like half folds, tri-folds, Z-folds and roll folds help organise information clearly, making them ideal for menus, programmes, brochures or promotional handouts. Each fold adds structure and guides the reader through the content.

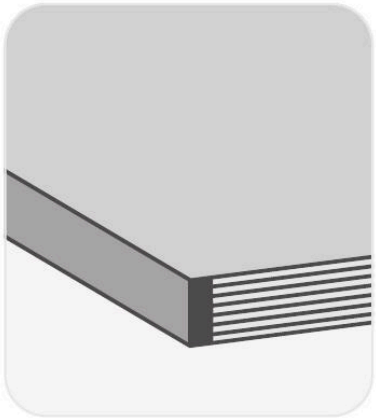
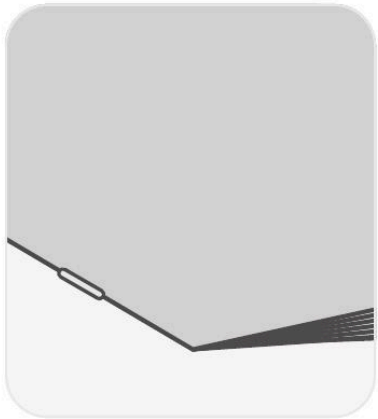
Binding Guide

Different binding styles give booklets and brochures a polished, professional finish. Stapled binding is perfect for slimmer publications, while perfect binding creates a square spine for a more substantial, premium look. Each method balances durability, presentation and practicality, ensuring the finished piece is both functional and attractive.



Perfect Bound Books

Glued along the spine with a square, book-like finish. Best for thicker booklets and anything that needs a premium, professional feel.

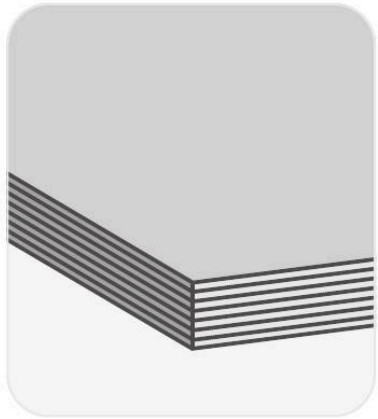


Stapled Booklets

Secured with staples through the spine. Ideal for shorter booklets that need to be lightweight, cost-effective and quick to produce.

Wiro Bound Booklets

Punched pages held together with a metal wire. Opens flat and folds back on itself, making it great for manuals, notebooks and calendars.



Notepads & Deskpads

Sheets glued on one edge with a rigid backing. Designed for easy tear-off and everyday writing or jotting.

Exercise Books

Exercise books are an affordable and practical solution for clients who need functional, high-quality books for a variety of uses. With a lightweight, smooth stock, these books offer an absorbent surface that's perfect for writing, drawing, and note-taking. Their versatile design makes them a great option for schools, educational settings, and even office environments.

Whether used for classwork, assignments, or creative projects, exercise books provide a reliable and durable choice. Their simplicity ensures ease of use, while the high- quality finish ensures a smooth writing experience. Available in a range of sizes, they are an essential stationery item for students, teachers, and professionals alike.

Custom Shape Flyers

Custom shape flyers are built for campaigns that need more than a standard rectangle. By moving beyond traditional sizes, you create an instant point of difference that stands out in hand, on counters, and in stacks of post. Precision cutting and high-quality print ensure every curve and contour feels intentional, giving your design room to work harder and communicate faster.

Whether it's a product silhouette, logo outline, or something completely unexpected, custom shapes transform a simple handout into a memorable piece that demands attention and reinforces your message.

Perforated Flyers

Elevate your clients' event management and documentation with our versatile perforated flyer range. Perfect for creating professional tickets, forms, or informational handouts, our perforated flyers offer a range of customisable options to meet various needs.

For a classic ticket appearance, choose our DL flyer with a perforated line positioned 70mm from the right-hand edge. This design is ideal for event tickets or vouchers, providing a clean and professional look with a convenient tear-off section.

Alternatively, for forms, surveys, or any other informational materials, consider our simple centre perforation. This design allows you to neatly split flyers in half, making it easy for recipients to detach and keep important sections.

Perforated Leaflets

Our perforated leaflets offer a practical solution for including tear-off forms in your clients' marketing materials. Designed to provide both functionality and professionalism, these leaflets are perfect for a variety of uses, from surveys and feedback forms to coupons and vouchers.

Choose from our 6-panel (6pp) or 4-panel (4pp) perforated leaflets. The 6pp option features one standard fold and one perforated fold, allowing for an easily detachable final panel while maintaining the leaflet's overall integrity. The 4pp option offers a streamlined design with perforation integrated, ideal for simpler needs. Both formats ensure high-quality, professional results for effective audience engagement.

Creased Leaflets

Need a leaflet that makes a strong first impression without compromising on quality? Our creased leaflets are the answer. Unlike traditional folded leaflets, these are supplied flat with a precision matrix crease – the VIP treatment for thicker stocks that can't be folded by machine.

Crafted from our sturdier, premium stocks, these creased leaflets are perfect for storing flat until you're ready to use them. Ideal for menus, invitations, or any print that needs to stay neat and pristine during transit or storage. When it's time to present, simply fold along the crease for a sharp, professional finish.

Whether it's creating a polished menu, a sophisticated invite, or a premium marketing piece, creased leaflets combine strength and sophistication. They're ready to impress, flat-packed with purpose!

Wall Calendars

Calendars are not just valuable for keeping your schedule in order, they also serve as powerful marketing tools.

By investing in branded calendars, you can create a constant presence for your business throughout the year. Imagine your customers receiving a calendar that features your company's logo, colours, and contact information. Every day they glance at it, they'll be reminded of your brand. This subtle but effective form of advertising keeps your business top of mind and reinforces your brand identity.

Moreover, a well-designed calendar can become a practical item that customers use regularly, further increasing your brand's visibility and reinforcing customer loyalty.
