WHY BRANDED CLOTHING

WEAR YOUR **BRAND**

Clothing with your logo on it does more than keep people warm or smart. It tells customers who you are, makes a team look like a team and keeps your name in front of people long after the job is done.

Uniforms, workwear, hoodies, polos, caps and jackets carry your name wherever they go: on the shop floor, on site, at events and out in the street. Whether you are dressing a few staff or a whole club, school or crew, branded clothing gives everyone the same professional look and takes the guesswork out of what to wear.

Design & Print looks after the whole job. Phil prepares your artwork, sends a proof for you to approve, arranges printing or embroidery on the styles you choose and manages delivery. You brief once and finished clothing arrives ready to wear.

LOOK AS ONE TEAM	Matching clothing gives staff, volunteers or members a smart, consistent look that customers notice.
GET NOTICED	Your logo travels with every wearer, so your name is seen at work, at events and around town.
TEAM PRIDE	People feel part of the team when they wear the same colours, and it is easy to see who is who.
ONE BRIEF, ONE CONTACT	Artwork, proof, decoration and delivery are managed together, and stored artwork keeps every repeat order consistent with the first.

stanley/stella

It’s no secret that combining style, quality and sustainability is a challenge. And inspiring our industry to do things differently?

Most would say: impossible.
But impossible is just a word... until you give it a shot.

At Stanley/Stella, we don’t compromise.
We stand for something deeper for our planet and people.

European leader and pioneer in premium, sustainable blank apparel since 2012.

Powered by the passion of our team, driven by the pursuit of customer happiness.

Like no other

In everything we do.

Design

Perfection is our standard.

Every design starts with a vision to create premium, on-trend apparel that feels as good as it looks. Our in-house design team doesn't follow trends; it sets them. With over 2,000 lab tests, 1,000 prototypes, and 300+ fabric and colour checks behind each collection, nothing is left to chance. From the precision of every seam to the softness of every surface, we design with purpose and detail. The result? Iconic styles recognised for their exceptional handfeel, loved for their craft, and often imitated, but never matched.

Sustainability

Less talk. More action.

Sustainability has been our promise since day one. Stanley/Stella only uses certified organic cotton and recycled materials and works exclusively with a select network of trusted partners to master the value chain. This close collaboration ensures full traceability from seed to garment and supports fair working conditions at every stage. Together, we are well on track to meet our goal of cutting value chain emissions by 30% by 2030. Our in-house sustainability team is in the field driving change that lasts, for people and the planet.

Customer excellence

Driven by the pursuit of customer happiness.

At Stanley/Stella, excellence extends to every partnership, every delivery, every touchpoint. We're the only brand to work exclusively with a select network of decorators and resellers, building relationships based on trust. With tailored support, reliable stock of our complete collection, and 24-48h delivery across four strategically located warehouses, we make it easy to scale and meet customer needs.

Decoration

Engineered for the best decoration results.

Our garments are engineered for exceptional, lasting decoration. Stanley/Stella is the preferred choice of decorators worldwide, delivering unmatched artwork precision, colour vibrancy, sharpness, and consistency on every fabric: from carded to combed, woven to recycled. With in-house labs in Europe and the US, we co-develop and test for excellence at every step. Every detail is built to deliver flawless results, from start to finish.

Cotton

Only the finest organic grade.

A garment is only as good as its fibres; we go straight to the source. Stanley/Stella is the only brand in the industry sourcing organic cotton directly from farmers, paying a premium price and ensuring fair conditions to guarantee purity and traceability.

As a top-tier global buyer of organic cotton, among major retail brands, we commit to the highest standards and certifications: long-staple fibres, non-GMO seeds, and independent testing. It's cotton you can trust, from people we know.

STANLEY/STELLA

Like no other

2026, where innovation meets sustainability.

This season, we continue to shape the future of responsible apparel with new styles crafted in TENCEL™ Modal and premium recycled cotton. Two innovative fabrics that expand the possibilities of conscious design, and mark a new step in our sustainability journey.

The collection blends fluid trend-styles and timeless staples across unisex and women's fits. With refined softness, lasting strength and contemporary style, they capture the essence of Stanley/Stella.

With sharp print results, vibrant colours, and durable embroidery, these garments are the perfect invitation for creative expression, ensuring artwork stands out and lasts.

Welcome to SS26.

Forward-thinking. Responsible. Ready.

Spring/Summer 26

The sustainable originals.

The most extensive collection of premium t-shirts and sweatshirts on the market, responsibly made from organic and recycled fibres. Designed for lower impact, lasting durability, and bold, cohesive looks across unisex and women's fits.

SS26 pushes our sustainable approach forward with two innovative fabrics. Recycled cotton brings structure and a sleek, modern edge, as seen in styles like the Thinker crewneck and the drawcord-free Voicer hoodie with a relaxed, urban feel. TENCEL™ Modal delivers ultra-soft feel, breathability, and a naturally fluid drape, highlighted in trend-led pieces like the unisex Blaker and Stella Etta. Each fabric brings an elevated finish and expands the versatility of the range.

With an unmatched handfeel, these t-shirts and sweatshirts deliver ultimate comfort and vibrant, long-lasting decoration, wash after wash.

Everyday essentials. Lasting quality. Made to stand out.

STANLEY
/STELLA

Shirts that stand out. Responsibility built in.

Bold in design yet timeless in appeal, these shirts elevate any setting. Tailored unisex and gender-fitted cuts create a cohesive team look, while refined details - from button to seam - define every piece. The new women's shirt Harper brings this vision to life: classic poplin meets ultimate comfort in a modern, boxy fit.

Crafted with care, our shirts transition effortlessly between casual and business environments. Optimised fabric weights ensure clean prints and durable embroidery, maintaining a polished look wear after wear.

Born from our commitment to sustainability, these shirts are made from certified organic cotton, with a transparent approach to sourcing and impact.

Built with purpose. Made to perform.

The classic polo. Redefined for today.

The classic polo takes on a modern edge with contemporary unisex and gender-fitted styles, paired with a seasonless colour palette for consistent, unified looks across collections.

Our signature piqué fabric is pre-washed and pre-shrunk for lasting shape, rich colour retention, and soft handfeel. Optimised for decoration, it delivers sharp, long-lasting results that keep every logo and design looking fresh, wash after wash.

Made exclusively from the finest 100% organic cotton, our polos deliver breathable comfort and natural softness.

Unmatched quality. Without compromise.

Contemporary outerwear. Sustainable at the core.

Contemporary design shapes our outerwear, bringing refined style to every season and setting.

Each design is built to move with you, delivering reliable warmth and protection in every condition, from unexpected summer showers to crisp winter weather. Designed for ease throughout the day, with decoration-ready surfaces that keep artwork sharp and vibrant.

This balance of polish and performance carries through to our lightweight Climber 2.0 bodywarmer and Voyager 2.0 padded jacket. Crafted from recycled nylon with lofty recycled polyester padding, they combine reliable insulation with a premium look and a silky-smooth handfeel.

Innovative recycled materials are at the core of our outerwear range, lowering environmental impact while delivering uncompromised quality, comfort, and performance.

Outerwear with purpose. Weather-ready.

Made to move. Soft, polished, and tailored for her.

Luxurious handfeel, inclusive sizing, and more styles than ever. SS26 women's collection balances classic and trend-led designs with a polished look and timeless appeal. Versatile and cohesive, they move effortlessly from workplace to weekend, always aligned with our unisex and men's ranges for a unified wardrobe.

New blends of TENCEL™ Modal and organic cotton bring elevated softness to women's garments. From the smooth drape of our Stella Etta t-shirt to the relaxed Stella Lianna crewneck sweatshirt with dropped shoulders, these fabrics make sustainability a natural part of comfort and wearability.

Premium quality across every fit gives women's blank apparel the space it deserves in the market.

Effortless style. Made to last, made for her.

Our new sustainable fabrics.

SS26 broadens our sustainable offer with two new innovative, sustainable fabrics: recycled cotton and TENCEL™ Modal.

Our recycled cotton fabric blends pre-consumer factory waste with 100% certified organic cotton, delivering a soft handfeel, lasting durability, and excellent decoration results. Each garment lowers carbon emissions, reaffirming our commitment to reduce our relative carbon emissions by 30% by 2030.

TENCEL™ Modal, blended with organic cotton, is a renewable fibre made from sustainably sourced wood pulp. Light, breathable, and fluid, it offers natural drape and elevated comfort, while requiring less energy and water than conventional fibres.

Together, these fabrics make responsible design a reality.

Tried. Tested. Trusted.

Every fabric at Stanley/Stella is engineered for the best decoration results through rigorous research and development. Our new SS26 recycled cotton and TENCEL™ Modal fabrics are no exception.

This collection's premium recycled cotton styles deliver smooth, consistent coverage across all colours, tested on more than 100 samples to guarantee strong, consistent results for screen print, DTG, DTF, and embroidery.

TENCEL™ Modal, naturally lightweight and fluid, is now optimised for print precision and surface clarity. From bold graphics to intricate details, each TENCEL™ Modal style delivers excellent decoration results across every technique.

Vibrant colours. Sharp details. Lasting performance. On every garment.

① TENCEL™ Modal

② Recycled Cotton

③ Subtle neckline branding with a clean finish.

④ Consistent ink coverage with precise edges.

⑤ Embroidery delivers crisp, accurate designs.

⑥ Embossed embroidery remains defined wash after wash.

⑦ Fabric structure is tested for consistent results.

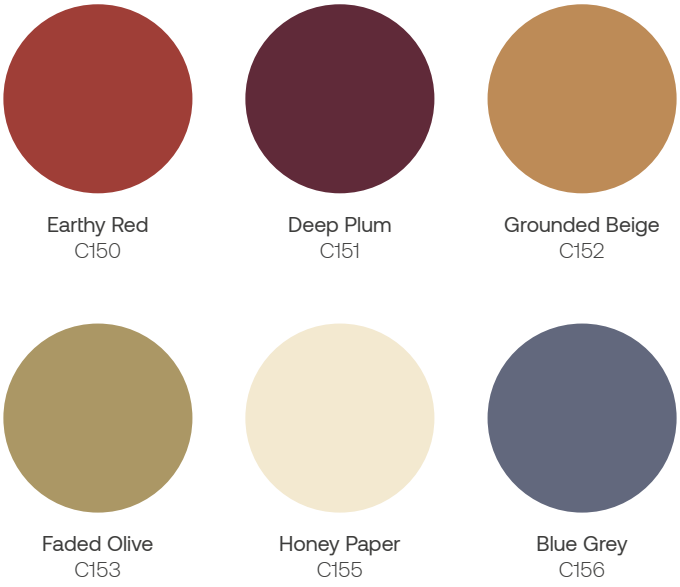
Colours in power.

Colour is our craft, woven into our DNA, season after season.

The SS26 palette balances timeless consistency with the energy of the moment. The deepest black and purest white anchor the range, while refined shades bring freshness and subtle impact.

Every colour is carefully developed by our experts to stay vibrant and sharp. Alignment across garments and collections creates cohesion, designed for both head-to-toe looks and versatile mix-and-match styling.

This season, Faded Olive sets the tone with muted, earthy depth, complemented by refined hues that add a contemporary edge. Together, they shape a palette that is confident, versatile, and enduring.



The art of fade.

Garment dyeing is a craft we approach with precision and care. Through a three-step process of assembly, dyeing, and finishing, we create rich colours with a vintage, lived-in look.

This technique makes every piece distinctive. Each garment is pre-washed for softness, with subtle tonal variations that develop over time and add character with every wear. From muted to vibrant, the whole spectrum feels fresh, fades beautifully, and layers effortlessly.

With SS26, the Freestyler Vintage leads the story: our trendy t-shirt, reimagined with a garment-dyed finish that blends authenticity with modern edge.

Every garment-dyed piece reflects craftsmanship and intention.

This is colour, made to stand out.

The only sustainable businesswear. Contemporary. Made to perform.

Unique, certified sustainable styles designed for businesses without compromise. Responsibly crafted from the finest organic cotton and recycled materials, the collection is built on full transparency of sourcing and impact. It empowers businesses to meet their CSR goals while delivering unmatched comfort, quality, and consistency.

Modern yet timeless, every piece reflects today's trends while offering long-lasting appeal. This season introduces new recycled cotton businesswear essentials: the unisex Thinker and Stella Thinker crewnecks, and the unisex Gamechanger and Stella Gamechanger hoodies. These versatile styles combine breathable comfort with a sleek, professional look, designed to perform in every setting.

Tailored fits and inclusive sizing across unisex and women's styles give full flexibility for any team. With consistent colours across categories, it's easy to create unified wardrobes that stay true to brand.

Engineered for daily performance, each garment is made to meet the demands of modern work. Smooth fabric surfaces ensure sharp, long-lasting decoration, keeping corporate branding crisp season after season.

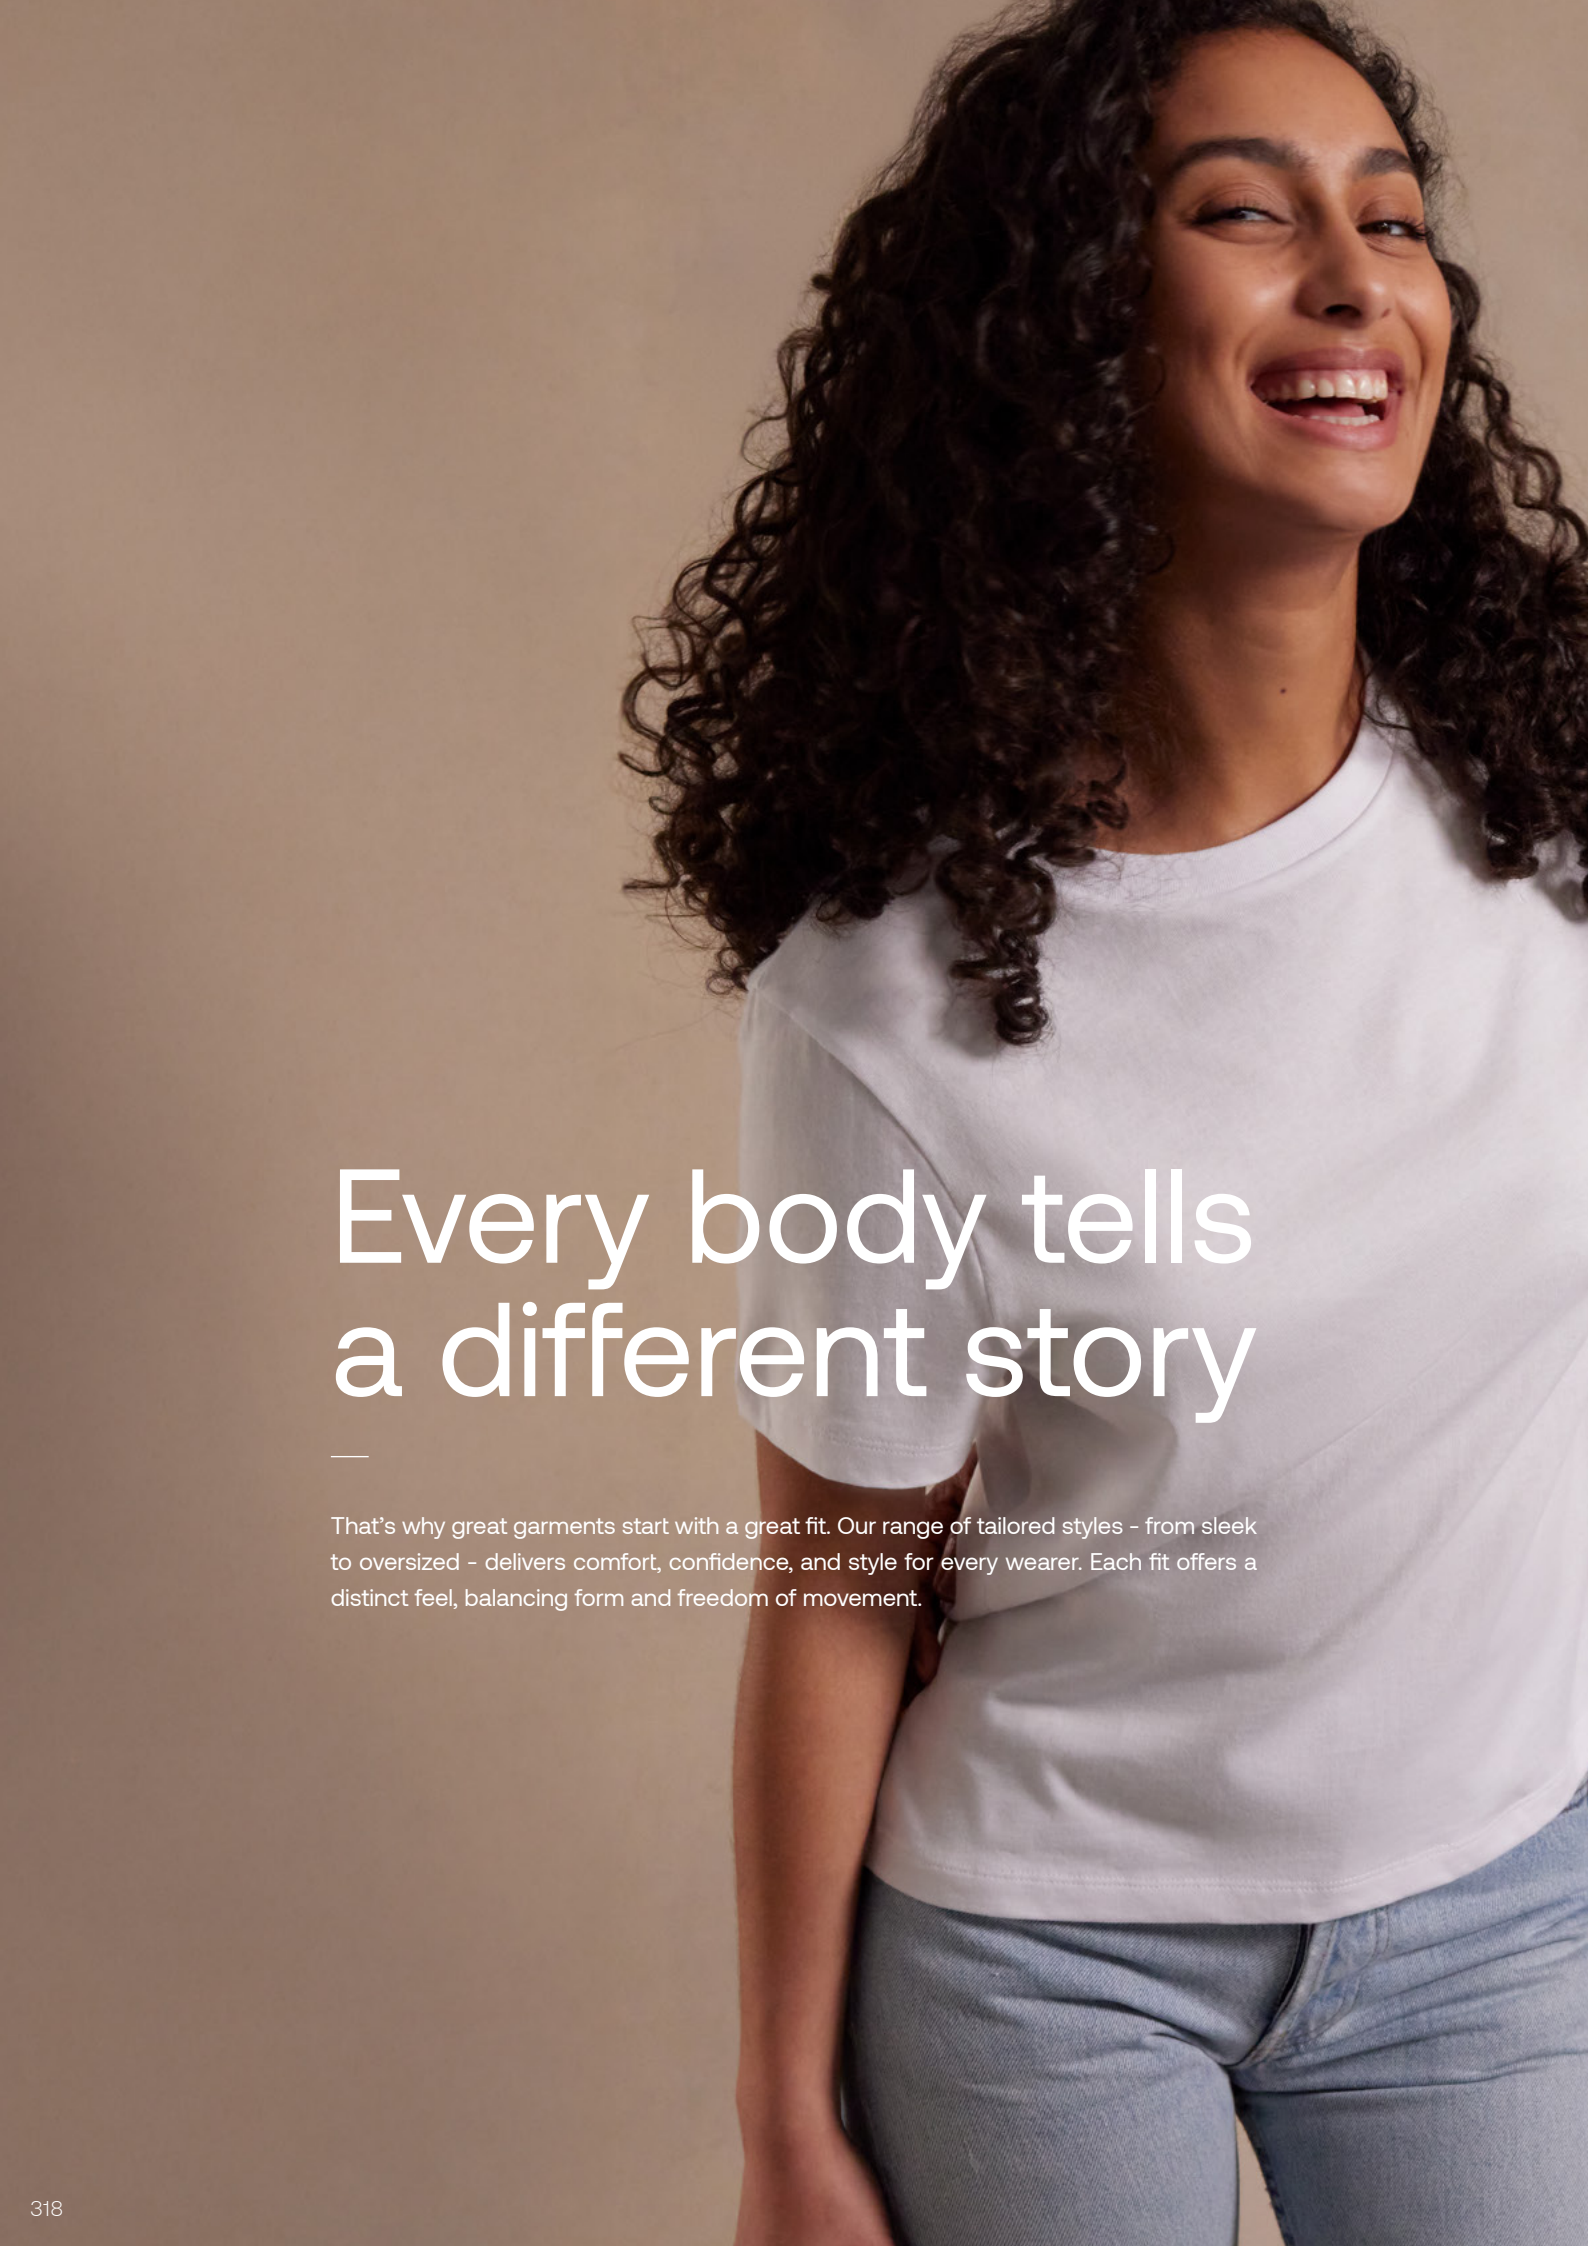
Fit guide & Resources



Every body tells a different story

That's why great garments start with a great fit. Our range of tailored styles - from sleek to oversized - delivers comfort, confidence, and style for every wearer. Each fit offers a distinct feel, balancing form and freedom of movement.

Our different fits

Fitted

Sleek silhouette that follows the body's natural contours.

This refined fit offers a polished look with just enough room for comfort and movement. Ideal for Corporate collections, premium retail, and style-conscious brands seeking sophisticated silhouettes.

Examples: Stella Ava, Stella Ella.

Medium fit

Not too tight, not too loose - just right.

Our most versatile fit sits comfortably on the body with balanced proportions that suit virtually every body type and purpose, making it our most popular option. Its universal appeal is perfect for lifestyle brands, corporate segments, or as a premium everyday essential.

Examples: Crafter, Creator 2.0, Rocker.

Relaxed fit

Effortless comfort with generous room through the body and sleeves.

This modern silhouette drapes naturally and offers freedom of movement with a laid-back feel. Ideal for modern fashion brands, music merchandise, and lifestyle collections.

Examples: Sparker 2.0, Breezer, Freestyler.

Oversized

Bold proportions with intentional volume.

Featuring dropped shoulders and a boxy cut, this fit creates a strong visual statement inspired by contemporary streetwear. Ideal for trend-driven retail, fashion-forward brands, music merchandise, and youth-oriented collections.

Examples: Asher, Blaster 2.0.

We believe that the textile and garment industry can act in a responsible way and care about people, the planet, and society. We don't need to tell you more about the reasons why we're fully committed to sourcing organic cotton, reducing our carbon footprint or urging our suppliers to pay a living wage to their workers, because we believe these points are important to you too.

We thank you for joining us on our journey, and for sharing your support, enthusiasm and ideas. If you'd like to find out more about our path to sustainability or get involved:
