WHY BRANDED CLOTHING

WEAR YOUR **BRAND**

Clothing with your logo on it does more than keep people warm or smart. It tells customers who you are, makes a team look like a team and keeps your name in front of people long after the job is done.

LOOK AS ONE TEAM	Matching clothing gives staff, volunteers or members a smart, consistent look that customers notice.
GET NOTICED	Your logo travels with every wearer, so your name is seen at work, at events and around town.
TEAM PRIDE	People feel part of the team when they wear the same colours, and it is easy to see who is who.
ONE BRIEF, ONE CONTACT	Artwork, proof, decoration and delivery are managed together, and stored artwork keeps every repeat order consistent with the first.

PRO RTX
HIGH VISIBILITY

High visibility. Higher standards.

High visibility workwear is designed to keep wearers clearly seen in low-light or high-risk environments, enhancing safety through the use of fluorescent colours and reflective materials that ensure visibility both day and night. Vests are lightweight and easy to layer over other garments, providing added visibility when needed, while jackets offer warmth and increased visibility in colder conditions. Trousers complete the range, delivering full-body visibility for those working in demanding or high-risk settings.

Stay seen. Stay safe. Stay working.

Doing the right thing for our products, our customers, and our planet.

At ProRTX, doing the right thing starts with how we make our garments. Every product is designed with purpose, made from high-quality materials, and produced in certified facilities that uphold high ethical and environmental standards. We're proud to work with partners who share our values, ensuring fair pay, safe working conditions, and transparent practices across every stage of production. For us, sustainability is a commitment to making thoughtful, lasting choices that reduce waste and create genuine, long-term impact.

Our commitment to sustainability runs through everything we do. By selecting durable, high-performance fabrics, we help reduce the need for frequent replacement. This helps to keep garments in use for longer. This approach benefits our customers, supports responsible production, and minimises our environmental footprint.

Get ready for another great day in ProRTX.
