HOW TO USE THIS GUIDE

Read it from start to finish, or dip into the sections that matter most to you. Where a page on our website goes into more detail you will find a QR code and the web address. Point your phone camera at the code to open it. A complete index at the back lists every topic with its page numbers.

MANUFACTURING AND INDUSTRY

BUILT TO BE SEEN

Technical products need clear, accurate print: brochures, labels, safety signage and workwear. Design & Print turns technical information into material your customers understand.

How we help industry: one person designs, proofs and manages your print, so you brief once and finished work arrives on time. Call the studio 0161 442 4439 Request a quote

TECHNICAL CLARITY	Layouts that make specifications and part numbers easy to read.
BUILT TO LAST	Materials chosen for shop floors, vehicles and the outdoors.
ONE CONTACT FOR IT ALL	Catalogues, labels, signs and workwear managed together.

Talk to Phil about your project.

01

SECTION ONE

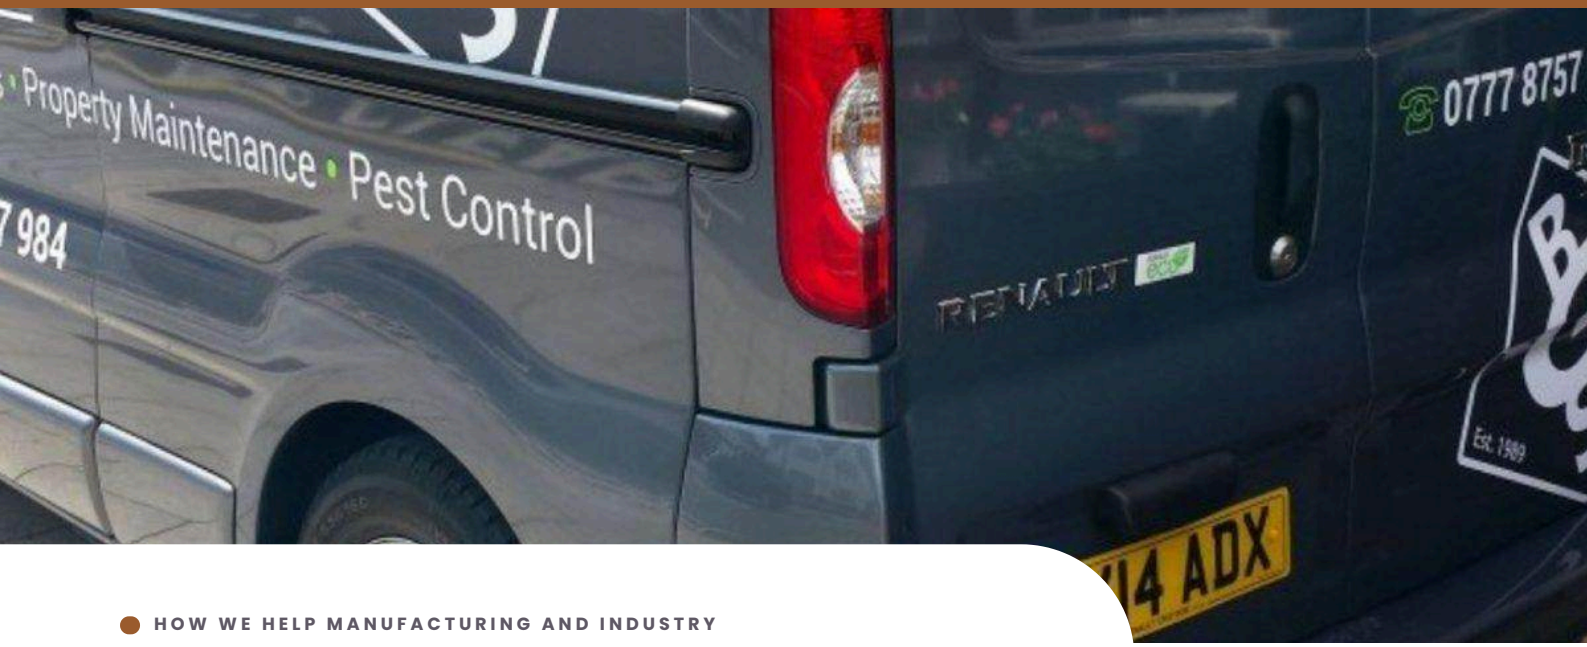

HOW WE HELP

Why manufacturing and industry use Design & Print, and how a job runs.

HOW WE HELP 5

THE EVIDENCE FOR USING ONE STUDIO 6

HOW WE HELP MANUFACTURING AND INDUSTRY

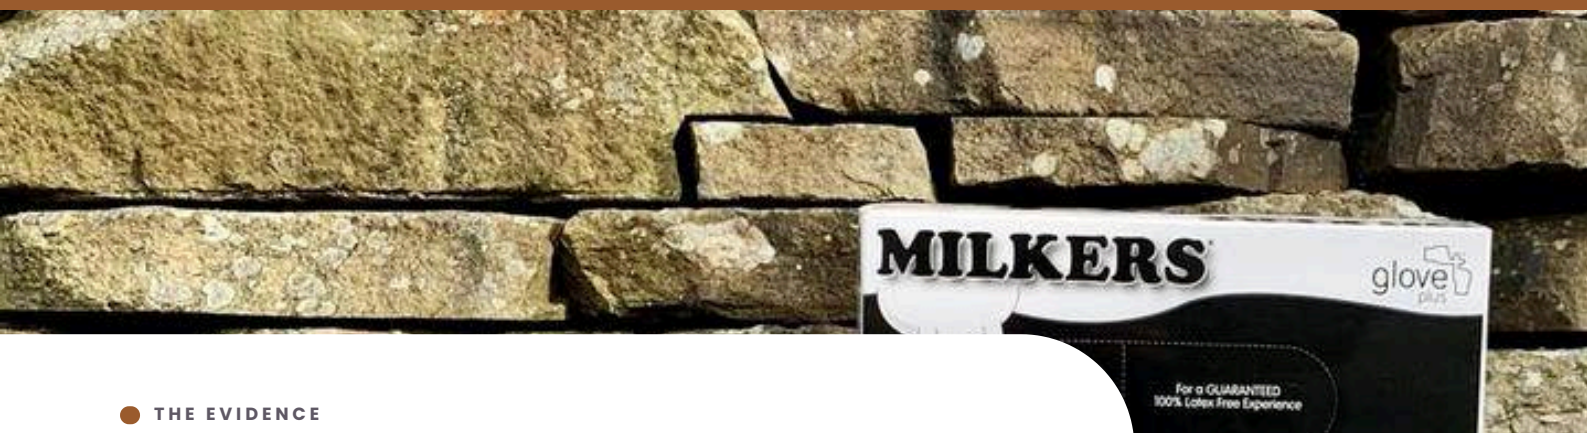

PRINT THAT WORKS AS HARD AS YOU DO

Clear, durable print that works as hard as you do.

Manufacturers and industrial suppliers need print that is clear, accurate and built for the workplace: catalogues buyers can trust, labels that stay put, signage that stands up to wear and branded items for staff and customers.

Design & Print designs, specifies and manages production through trusted suppliers, so you get technical documents, packaging and workwear from one contact. We keep artwork stored for repeat orders and updated product ranges.

Send Phil your brief.

THE EVIDENCE

ONE STUDIO IS SIMPLER

A set of print items can mean a designer, a printer and sometimes a sign maker or clothing supplier. This chart shows how Design & Print simplify that.

Your workload on a job needing three print items

Three separate suppliers Design & Print

An illustration of the typical pattern, not measured data.

Want one person to look after it all?

SECTION TWO

WHAT TO BUY

The products ordered most often, and the ones that go together.

WHAT IS COMMONLY BOUGHT 8–9

BOUGHT TOGETHER 10

PRODUCTS COMMONLY BOUGHT BY MANUFACTURING AND INDUSTRY

WHAT IS BOUGHT AND WHY

These are the products customers in this sector order most often, and the reason each one earns its place.

WIRO BOUND BOOKLETS

Suits: Product catalogues and price lists that change each season.
Why it works: A booklet puts the whole range in front of a buyer, and wiro lets a salesperson fold it flat on a trade counter.

STICKER AND LABEL REELS

Suits: Product labels, batch labels and packaging.
Why it works: Roll labels apply quickly on a line and keep branding and safety information consistent.

ALUMINIUM COMPOSITE SIGNS (DIBOND)

Suits: Factory, yard and site signage.
Why it works: A rigid composite sign resists weather and rough use, so it keeps looking right for years.

WHAT IS COMMONLY BOUGHT · CONTINUED

BRANDED WORKWEAR

Suits: Branded jackets, polos and hi-vis for teams and trade counters.
Why it works: Staff in branded clothing look like one company on site and in public.

ROLLER BANNERS

Suits: Trade shows and customer open days.
Why it works: A roller banner shows your capability at a glance, and fits in a vehicle boot.

STICKERS AND LABEL SHEETS

Suits: Equipment identification, safety labelling and promotional items.
Why it works: Durable stickers mark equipment and warnings clearly, and promotional versions put your name on customers' tools.

PRODUCTS MANUFACTURING AND INDUSTRY ORDER TOGETHER

PRODUCTS THAT WORK TOGETHER

Print works hardest as a set. These pairings come up again and again, and each one is easier when the same person looks after both.

WIRO BOUND BOOKLETS + BUSINESS CARDS	Sales and technical staff can hand out cards that point buyers to the catalogue.
STICKER AND LABEL REELS + STICKERS AND LABEL SHEETS	Sheet stickers cover small jobs and samples that do not need a full reel.
ALUMINIUM COMPOSITE SIGNS (DIBOND) + CORREX BOARDS	Correx boards are a lower-cost option for temporary signs and short-term notices.
BRANDED WORKWEAR + VEHICLE GRAPHICS	Vehicle graphics carry the same brand from the workwear to the van.

CUSTOMER REVIEWS

WHAT CUSTOMERS SAY ABOUT PHIL

These are comments from Design & Print customers, taken from Google reviews and messages, in their own words.

"Used phil a few times now and wouldn't look anywhere else. Always on time with what's needed and never lets me down."

KANE, MTECH ELECTRICAL

"Phil is incredibly knowledgeable, patient, and transparent about every step, from layout and materials through to costs and timelines."

JACK BRIDGE, SONOVO GROUP LTD

"I have used Phil for many different types of print. His prices are competative and his service exceptional."

ANDY, ADMIRAL TRAVEL

"Needed a table cloth for a networking event, Phil was very responsive and made the whole process very easy, will use again in the future."

DAVID, TRUSTIST

FAQS

QUICK ANSWERS TO COMMON QUESTIONS

WHAT PRINT DO MANUFACTURERS AND ENGINEERING FIRMS NEED?

Product catalogues, data sheets, brochures, labels, signage, exhibition displays and branded workwear, with consistent branding across all of it.

CAN YOU PRODUCE A PRODUCT CATALOGUE AS WELL AS PRINT IT?

Yes. We design, lay out and print catalogues, as we did for Ballyclare, and can update them when your range changes.

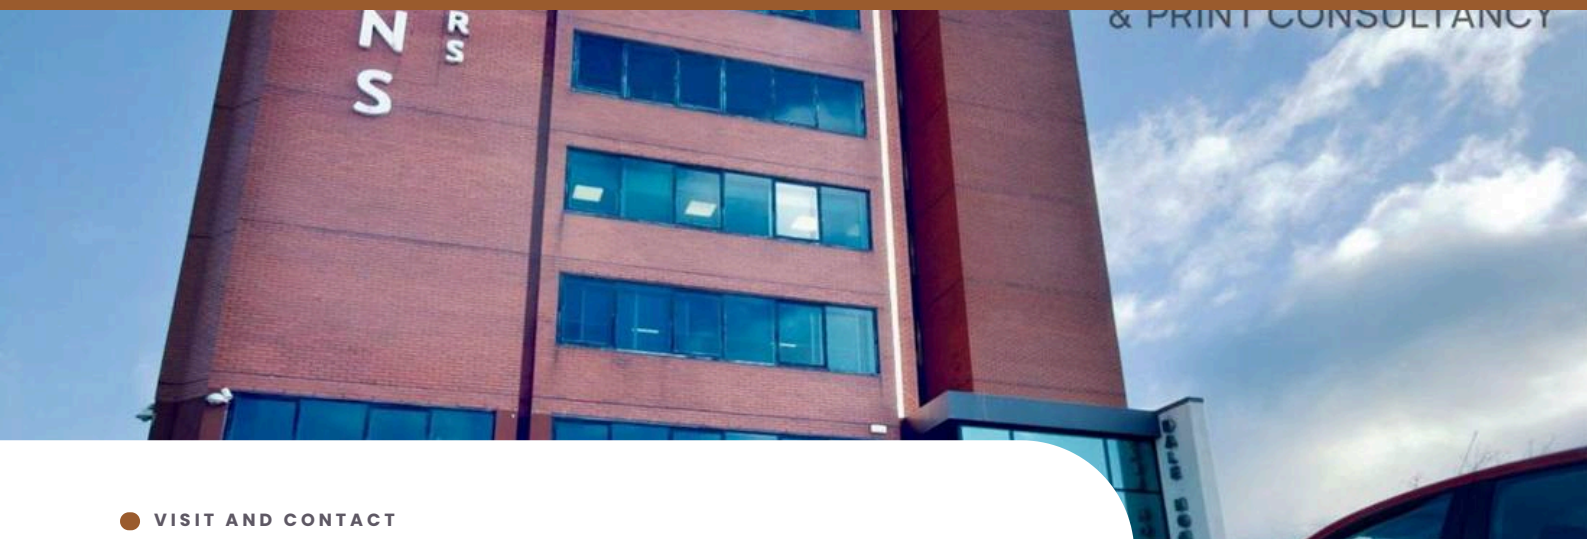

CAN YOU PRODUCE SIGNAGE AND LABELS FOR THE FACTORY OR SITE?

Yes. Rigid signs, stickers and labels can be produced for products and premises. Tell Phil where they will be used so he can recommend the right material.

CAN YOU PRINT FOR TRADE SHOWS AND EXHIBITIONS?

Yes. Roller banners, fabric displays, table cloths and printed literature can be designed and produced as one package.

More questions? See our online FAQ.
